1. I envision introducing / creating or attaching a sort of day care to the program so long these rural teen mothers have to bring along their babies. This will help in them to learn freely while their babies are cared for somewhere else. 2. Also IF granted, I could introduce the "Poultry Program" (Need of some construction – FUNDS). 3. Will give micro credit.

Thank you for accepting to embrace the Less Fortunate through our smile to them. Jesus smiles! Please, join us if you have not done so.

I remain available for covenant relationship.
